A85. Yes, the university has a placement cell that supports students with job opportunities and internships.

Q86. Are scholarships available?

A86. Yes, merit-based scholarships and government schemes are available for eligible students.

Q87. Does the campus have Wi-Fi?

A87. Yes, the campus provides Wi-Fi access for students and faculty.

Q88. Is there a library in the university?

A88. Yes, the university has a well-equipped library with books, journals, and digital resources.

Q89. What facilities are available on campus?

A89. Facilities include labs, hostels, library, sports areas, and digital classrooms.

Q90. Is there a placement training program?

A90. Yes, the university provides training in aptitude, technical skills, and soft skills.

Q91. What is Annamacharya University?

A91. Annamacharya University is a private university located in Rajampet, Andhra Pradesh. It offers programs in engineering, management, sciences, and other disciplines.

Q92. Where is Annamacharya University located?

A92. The university is located in Rajampet in the Annamayya district of Andhra Pradesh, India.

Q93. When was the university established?

A93. Annamacharya University was established in 2024 under the Andhra Pradesh Private Universities Act.

Q94. Is Annamacharya University private or government?

A94. It is a private university recognized by the Government of Andhra Pradesh.

Q95. What courses are offered at the university?

A95. The university offers B.Tech, M.Tech, MBA, MCA, B.Sc, and other undergraduate and postgraduate programs.

Q96. Does the university offer Computer Science courses?

A96. Yes, Computer Science Engineering and its specializations like AI and Data Science are available.

Q97. How can I apply for admission?

A97. Students can apply through entrance exams like EAPCET or through the university's admission process.

Q98. What is the eligibility for B.Tech?

A98. You need to complete 10+2 with Physics, Chemistry, and Mathematics.

Q99. Are hostel facilities available?

A99. Yes, separate hostel facilities are available for boys and girls.

Q100. Does the university provide placements?

A100. Yes, the university has a placement cell that supports students with job opportunities and internships.

Q101. Are scholarships available?

A101. Yes, merit-based scholarships and government schemes are available for eligible students.

Q102. Does the campus have Wi-Fi?

A102. Yes, the campus provides Wi-Fi access for students and faculty.

Q103. Is there a library in the university?

A103. Yes, the university has a well-equipped library with books, journals, and digital resources.

Q104. What facilities are available on campus?

A104. Facilities include labs, hostels, library, sports areas, and digital classrooms.

Q105. Is there a placement training program?

A105. Yes, the university provides training in aptitude, technical skills, and soft skills.

Q106. What is Annamacharya University?

A106. Annamacharya University is a private university located in Rajampet, Andhra Pradesh. It offers programs in engineering, management, sciences, and other disciplines.

Q107. Where is Annamacharya University located?

A107. The university is located in Rajampet in the Annamayya district of Andhra Pradesh, India.

Q108. When was the university established?

A108. Annamacharya University was established in 2024 under the Andhra Pradesh Private Universities Act.

Q109. Is Annamacharya University private or government?

A109. It is a private university recognized by the Government of Andhra Pradesh.

Q110. What courses are offered at the university?

A110. The university offers B.Tech, M.Tech, MBA, MCA, B.Sc, and other undergraduate and postgraduate programs.

Q111. Does the university offer Computer Science courses?

A111. Yes, Computer Science Engineering and its specializations like AI and Data Science are available.

Q112. How can I apply for admission?

A112. Students can apply through entrance exams like EAPCET or through the university's admission process.

Q113. What is the eligibility for B.Tech?

A113. You need to complete 10+2 with Physics, Chemistry, and Mathematics.

Q114. Are hostel facilities available?

A114. Yes, separate hostel facilities are available for boys and girls.

Q115. Does the university provide placements?

A115. Yes, the university has a placement cell that supports students with job opportunities and internships.

Q116. Are scholarships available?

A116. Yes, merit-based scholarships and government schemes are available for eligible students.

Q117. Does the campus have Wi-Fi?

A117. Yes, the campus provides Wi-Fi access for students and faculty.

Q118. Is there a library in the university?

A118. Yes, the university has a well-equipped library with books, journals, and digital resources.

Q119. What facilities are available on campus?

A119. Facilities include labs, hostels, library, sports areas, and digital classrooms.

Q120. Is there a placement training program?

A120. Yes, the university provides training in aptitude, technical skills, and soft skills.
